

## Social inclusion -strategies and practices from Nordic countries part.2

Social inclusion is a crucial aspect of homelessness work and Housing First. This seminar looks at how inclusion is effectively promoted through peer work, low threshold work, meaningful activities, formation of opinion and meeting place. Examples from Helsinki (FI), Gothenburg (Swe) and Stockholm (Swe) show how all these things matter and should be included in the work around homelessness.

**Time: Thursday 4th of September, 12:00-15:00 CET Time**

**Place: Teams**
